OBJECTIVE

To obtain a role in a dynamic company where I can utilize my programming and software development skills to contribute to the organization's success.

SKILLS

HTML, CSS, Tailwind, Bootstrap, JavaScript, ReactJS, NextJS, VueJS, NuxtJS, Ant Design, WordPress, UI/UX

EXPERIENCE

Software Engineer

PyFlowLabs

Jan 2024 - Present

Lahore, Pakistan

- Currently working on a project to create a chatbot service platform, enabling users to generate scripts for embedding assistant chatbots on their websites, streamlining customer interaction.
- Converted Figma designs into Vue.js code, integrating with content management systems like HubSpot and Bind, improving the design-to-development workflow and reducing turnaround time.

Software Engineer Intern

OCloud Solutions

Aug 2023 - Nov 2023

Lahore, Pakistan

- Developed dynamic interfaces using React.js, enhancing user engagement.
- Collaborated with cross-functional teams to deliver integrated solutions.

EDUCATION

B.Sc. in Computer Science

University of Engineering and Technology, Lahore, Pakistan

Relevant Coursework: Programming Fundamentals, Data Structures & Algorithms, Web Technologies

2019 - 2023

PROJECTS

- **E-Voting Project (React):** Developed a digital solution to streamline the work of polling agents by allowing users to input CNIC numbers to retrieve and print detailed voter information and voting receipts, enhancing efficiency and accuracy in voter verification and record-keeping. ([Project Link](#))
- **Corner Store E-commerce Dashboard:** Developed a comprehensive dashboard using React, Ant Design to streamline e-commerce management, providing stock management, customer and order management smooth and easy. ([Project Link](#))
- **Depression Relief Website:** Created a web platform using HTML, CSS, and JavaScript to provide mental health resources, self-assessment tools, and coping strategies, offering users accessible support for managing depression and enhancing mental well-being. ([Project Link](#))
- **Portfolio:** Designed and developed a responsive portfolio website using HTML, CSS, and JavaScript to showcase personal projects and skills, providing an engaging and interactive platform for potential employers and clients to explore professional accomplishments. ([Project Link](#))
